| FaithSearch Discovery: | Discovering the <i>Ah-ha!</i> of Life
FaithSearch Discovery is our flagship event, offering an eye-opening, evidence-based and logical case for the truths of Christianity (existence of God, reliability of the NT, deity of Jesus, nature of faith). Non-Christians will discover why they should believe. Christians will be strengthened in their faith by astonishing evidence and testimony. |
| FaithSearch Origins: | Making Sense of Creation & Evolution
Using current scientific evidence and the Bible to unravel creation, evolution and the meaning of life, Dr. Bierle's emphasis on the powerful concept of intelligent design unites rather than divides people on this controversial subject. Stimulating and challenging, FaithSearch Origins is ideal for students, teachers, pastors and parents. |
| FaithSearch Destiny: | Making Sense of Life after Death
Using logic, and biblical and historical evidence, FaithSearch Destiny separates truth from fiction concerning the afterlife. "Making Sense of Life after Death" provides answers to questions each person should resolve about the course of life... and death. |
